We will leave from Latvia with our hearts full of love and our eyes full of impressive images from the Latvian countryside.

We will never forget your hospitality and your smiling faces.

We had great time in your country while working. We worked hard but we enjoyed every moment.

We are a great team and our friendship is getting bigger as time pass.

This experience has been very
enriching: The hospitality excellent,
the places we visited were
beautiful, the food was
delicious and the workshops
we did was constructive and
interesting.

13th May 2014,

Dear Friends in Latvia,

It was a great great great ...
pleasure to stay in your
beautiful country and meet YOU
- such beautiful, nice, hospitable
and talented people full of
passions 😊

Someone says that if we travel
we're able to read one page of
a book, this memorable visit
make us feel that we've just
read the most interesting book
in the world.

Dear friends, although tomorrow we will feel sad because we are leaving, your country, we will feel full of your energy, your hospitality and your friendship.

You are an example for us.

We wish you will get every thing you dream about. Thanks for every thing you have done for us.

From the very first moment that
we got off from the plane or, we
felt ourselves comfortable and at home.
Hard to put into sentences but maybe
some words will explain much better!

Love, Hospitality, Kindness, Generosity,
Warmth, and of course Surprises :-)

Thank you for those great moments
you made us live. These are unforgettable
memories for us. We are feeling ourselves
now not project partners but indeed
